SUMMARY

UI/UX Designer with professional experience designing responsive web and mobile products across travel, productivity, AI, and corporate platforms. Designed 500+ UI screens across multiple digital products and experienced in independently leading end-to-end design from user research and wireframing to high-fidelity prototypes. Skilled in Figma, Adobe Photoshop, and Canva, with additional experience creating marketing graphics and social media creatives.

WORK EXPERIENCE

Freelance UI/UX Designer | Arjun Travel and Tours | **Remote** | Aug 2026 – Sep 2026

- Designed the UI/UX for a responsive travel website, focusing on destination discovery, travel packages, and trip-related information.
- Translated client requirements into intuitive website layouts, navigation, and user-friendly experiences.
- Collaborated with the client and developer to refine the design and ensure accurate implementation.

Clickbyte Technologies Pvt. Ltd. | **Junior UI/UX Designer & Graphic Designer** | Feb 2026 - Aug 2026

- Designed 300+ UI screens across three professional digital products, including 1500rs.com, Clickbyte Technologies' website, and a confidential client project.
- Independently led the end-to-end UI/UX design of 1500rs.com across desktop and mobile, including guest and host experiences, booking, packages, group stays, daycations, and host dashboard workflows.
- Conducted user research, created user flows, wireframes, interactive prototypes, and high-fidelity UI designs in Figma.
- Collaborated with stakeholders and developers to translate business requirements and feedback into intuitive, responsive experiences.
- Designed marketing materials including social media posts, banners, and promotional graphics.

Nep Tech Pal Pvt Ltd | **UI/UX Intern** | December 2024- March 2025

- Designed UI/UX for three products:
 - Daily Tracker (habit tracking, income & expense management)
 - AI Photo Editing App
 - AI Customer Service Chatbot for automated customer support
- Conducted user research, created user flows, wireframes, and interactive prototypes in Figma.
- Designed 200+ UI screens across three mobile products, including Daily Tracker, AI Photo Editing App, and AI Customer Service Chatbot.
- Created social media graphics and promotional materials using Canva and Photoshop.

PROFESSIONAL PROJECTS

Daily Tracker App

- Collaborated with the design team to create a mobile app for tracking daily habits, tasks, and income/expenses.
- Designed high-fidelity interfaces and interactive prototypes in Figma.
- Improved the user experience based on feedback.

Clickbyte Technologies Pvt. Ltd.

- Collected project requirements and translated business goals into intuitive digital experiences.
- Conducted research and organized information architecture to enhance usability.
- Designed the complete UI/UX of the company's official website, from wireframes to final mockups.
- Built interactive prototypes in Figma to showcase user flows and interactions.
- Created responsive interfaces optimized for desktop and mobile devices.
- Worked closely with stakeholders to iterate and improve the design experience.

1500rs.com

- Gathered business requirements and user insights to improve the hotel booking experience.
- Planned user journeys and designed wireframes for stays, packages, and group-stay features.
- Designed 200+ responsive screens for 1500rs.com across desktop and mobile, covering guest stay discovery, booking, packages, group stays, daycation experiences, and host dashboard workflows.
- Designed social media creatives and promotional materials to support marketing campaigns.

Arjun Travel and Tours

- Designed the UI/UX for a responsive travel website, focusing on intuitive navigation, destination exploration, travel packages, and trip-related information.
-

CONCEPT PROJECTS

AI Customer Support Platform

AI-powered customer support platform that helps online stores automate conversations and assist customers with product inquiries and support requests.

Luxury Watch E-commerce Platform

E-commerce platform for browsing and purchasing watches, featuring product listings, categories, and a streamlined shopping experience.

E-commerce Admin Dashboard

Modern dashboard for managing products, orders, customers, analytics, and overall store operations.

Real Estate Marketplace Platform

Property marketplace that connects buyers and sellers directly, enabling property discovery and communication without third-party agents.
